Approved for use through 01/31/2004. OMB 0651-0033
U.S. Patent and Trademark Office; U.S. DEPARTMENT OF COMMERCE

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

REISSUE APPLICATION: DECLARATION BY THE INVENTOR
SUPPLEMENTAL

Docket Number (Optional)

18602-05889 (P467R1)

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,887,196, granted March 23, 1999, and for which a reissue patent is sought on the invention entitled SYSTEM FOR RECEIVING A CONTROL SIGNAL FROM A DEVICE FOR SELECTING ITS ASSOCIATED CLOCK SIGNAL FOR CONTROLLING THE TRANSFERRING OF INFORMATION VIA A BUFFER

the specification of which

☐

is attached hereto.

☒

was filed on March 22, 2001 as reissue application number 09/815,873

and was amended on March 22, 2001 via Preliminary Amendment

(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☒

by reason of a defective specification or drawing.

☒

by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐

by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This is a broadening reissue to remove limitations in the claims as issued, by which limitations the patentee claimed less than it had the right to claim in the patent. At least one error upon which reissue is based is the inclusion of the limitation "without need for storage by the second component," in claim 1.
